There were no ANATOLII's in Registry, let alone a boy by the name of Petrovich. But I did look up ANATOLI with one "i" across the hall and this is what I found:

- (1) Represented the Soviet Purchasing Agency at a meeting in Berlin on 19 June of some members of a ring which traffics in large amounts of US currency. Subj. may be id/w Col. Anatoli who was political officer in Berlin-Steglitz prior to the American occupation.

- (2) Subject, an MGB officer, is Chief of Soviet Purchasing Commission in Munich whose mission is to obtain US dollar instruments, apparently to finance Soviet intelligence activities throughout the world. A smuggling ring is employed to carry out these operations.

And that's all there is --
